

WATER SYSTEM MANAGER

Bear Valley Franklin County Pennsylvania Joint Authority, located in rural south-central Pennsylvania, is seeking a new Water System Manager. The Manager is responsible for all aspects of operation, maintenance and administration of a water system consisting of over 4,000 metered connections, a membrane filtration surface and well water treatment plant, 120 miles of distribution lines, five employees and an annual budget of over \$2,000,000. Preferably, applicants should have a valid PA Class B (or higher), Subclass 6, 7, 8 and 12 Water System Operator Certification and have at least 5 years supervisory experience in the Drinking Water field. Applicants must also possess a valid driver's license and live within 15 miles of the Central Office or be willing to relocate. Bear Valley offers an excellent benefit package. Salary will be based upon experience and qualifications. Send resumes by April 14, 2010, to: John R. Stoner, Personnel Committee, Bear Valley Water Authority, 7714 Renninger RD, Mercersburg, PA 17236. For additional information, call 717-328-2866.
