Bureau of Water Standards and Facility Regulation

717-705-6349

Don Hershey, Executive Director  
American Water Works Association  
Pennsylvania Section  
1309 Bridge St  
New Cumberland PA 17070

Dear Mr. <sup>Don</sup>Hershey,

The DEP Bureau of Water Standards and Facility Regulation is pleased to announce that the first edition of the new "**Drinking Water News**" newsletter is available on our Web site. The newsletter, a product of the Division of Operations Monitoring and Training, targets community and nontransient noncommunity public water systems in Pennsylvania and is intended to assist with compliance efforts regarding state and federal regulations on operations, monitoring and reporting. Its contents should also be of interest to DEP-certified labs.

The newsletter will be published biannually and will be posted on DEP's drinking water Web site at [www.depweb.state.pa.us](http://www.depweb.state.pa.us) Keyword: Drinking Water.

We are asking for your help in disseminating the news to your membership that the newsletter is available and posted on our Web site. We also need to let the community and nontransient noncommunity public water systems know that they need to contact their DEP Sanitarian to be sure that their up-to-date e-mail address is in DEP's electronic Drinking Water Information System (PADWIS).

Comments, ideas, and feedback on the newsletter are welcomed. Please send your comments to Lisa Daniels ([ldaniels@state.pa.us](mailto:ldaniels@state.pa.us)) and/or Joanne Nardone ([jonardone@state.pa.us](mailto:jonardone@state.pa.us)).

Sincerely,

Lisa D. Daniels, Section Chief  
Division of Operations Monitoring  
and Training
