E-Mail: [bcra@ptd.net](mailto:bcra@ptd.net)

The Brodhead Creek Regional Authority is now taking applications for the position of Engineer/Operations Manager.

This position is responsible for project engineering and supervision relating to the planning, design, construction and capital projects/operational aspects of water and wastewater facilities.

Work involves responsibility for water and wastewater capital and construction projects relating to existing and new facilities. The incumbent guides the assigned projects from inception through completion and final review and acceptance by the Authority's Manager and Board. Day-to-day supervision and work guidance is given to Department Heads, construction inspectors and the consulting Engineers in matters involving engineering analysis and design.

### **QUALIFICATIONS:**

- Bachelor's degree from an accredited college or university in civil engineering with a minimum of five (5) years experience in water/wastewater engineering.
- Considerable knowledge of the principles and practices of civil engineering with special reference to water and wastewater engineering.
- Ability to apply the principles and practices of civil engineering to utility project management and related engineering duties.
- Possession of a valid Pennsylvania driver's license.
- Holds a current license as a Professional Engineer in the Commonwealth of Pennsylvania with specialization in civil and environmental engineering.

- The Authority offers an excellent benefit package and salary will be commensurate with the applicant's experience and qualifications.
- Interested parties should contact the BCRA to obtain a full information packet regarding this position as follows:
