Excavation and Trenching Course: PA-AWWA in cooperation with Eichelbergers, Inc. is providing this training course for training competent persons to the requirements for excavation and trenching, this includes knowledge of:

- Soil analysis and classification
- Use of protective systems
- Requirements of the standard

The class is worth **4.5 PA DEP Contact Hour** and is taught using hands on soil analysis and classification from an experienced instructor who not only possesses a safety background, but also has extensive field and laboratory experience classifying soils. The course includes a competent person manual and classroom/"hands on" instruction to include the following:

- OSHA Overview
- Excavation Standard 29CFR1926 650-652 Subpart P Scope & Application
- Competent Person Requirements
- Soil Behavior
- Soil Classification - Lab vs. Field
- Protective Systems - Selection and Use
- Hazardous Atmospheres

Traffic Control (Flag Person):

Provision of approximately two (2) hour training sessions in accordance with state guidelines (i.e. PA DOT). The class is approved for 2.0 contact hours through PADEP for water and wastewater operators.
