

Registration Form
Wastewater Exam Study Prep Course

This class consists of two PA DEP approved courses for a total of 6.0 Wastewater Hours.
You must attend both parts to receive full credit. Class is limited to 40 attendees.

Wastewater General & Activated Sludge – Course ID 7995

Wastewater Exam Math Prep – Course ID 8377

Instructors: Walter Higgins, US EPA, and Marc Neville, PA DEP

This course was developed to assist individuals who are taking the wastewater exams. The first part is a brief overview. Students who have been studying for the exams will use this course as a refresher. Students who have not been preparing for an exam can use this course to give them an idea of what they know and what they need to study. The second part will cover math. At the end of this course, students will be able to: choose the correct formula to be used for each type of math problem; recognize and differentiate the data types or units in each problem (i.e. lbs vs ft³); use the taught problem-solving procedure to answer the problems by following a 6-step process; solve rate, loading, F/M, and volume problems.

Date: Monday, May 4, 2020; Registration: 8:30 a.m. Course: 8:45 a.m. to 4:30 p.m.
(held during the PWEA/PA-AWWA Joint Conference – Keystone Water Conference H₂O20)
