PA-AWWA Webinar Series-October 27 AM Block

27-Oct AM Block - Drinking Water Management

[REGISTER](#)

8:00-9:00 VICTAULIC - Reduce Your Valve Vault Footprint

9:20-10:20 HYDROMAX - P-CAT – Non-Invasive Pipeline Condition Assessment for Water and Sewer Force Mains Using Inverse Transient Pressure Wave Analysis

10:40-11:40 AECOM - Physical Hydraulic Modeling - Optimizing Pumping System Design

PA-AWWA Webinar Series-October 27 -PM Block

27-Oct PM Block - Drinking Water Management

[REGISTER](#)

12:30-1:30 MOTT MACDONALD- Using Transient Analysis for In-Plant Water Supply – A Case Study of TBSA's Non-Potable Water System

1:50-2:50 BROWN AND CALDWELL – Full Scale Capacity Testing to Further Philadelphia Water Department's Water Master Plan

3:10-4:10 KEYSTONE ENG - NFPA 70E and You; An Operators Guide to Electrical Safety in the Workplace

Wednesday, October 28, 2020

PA-AWWA Webinar Series-October 28 -AM Block

28-Oct AM Block - Drinking Water Management

[REGISTER](#)

8:00-9:00 GHD - We're in Compliance... So What? Buffalo's Journey for Lead Safe Drinking Water

9:20-10:20 TERRAPHASE - Lead in School Drinking Water: Regulatory Review & Lessons Learned from the Programs at Over 10 School Districts

10:40-11:40 CDM SMITH - Getting the Lead Out in Trenton: A Multi-Phase Approach to Achieving LCR Compliance

PA-AWWA Webinar Series-October 28- PM Block

28-Oct PM Block - Drinking Water Quality/Treatment

[REGISTER](#)

12:30-1:30 MJM - Crisis to Success: Lessons for Utilities from the Tucson Water Turnaround

1:50-2:50 AECOM - Emerging Approaches to PFAS Management in the Overall Water Cycle

3:10-4:10 ADEEDGE - Mount Joy Borough Authority - Integrated Groundwater treatment case study for Nitrates and Hardness

Thursday, October 29, 2020

PA-AWWA Webinar Series-October 29- AM Block

29-Oct AM Block - Drinking Water Quality/Treatment

[REGISTER](#)

8:00-9:00 ENTECH- All Mixed Up? A Case Study for Mixing Your Water Tank

9:20-10:20 MAZZEI - In-line Aeration/Oxygenation - Groundwater and Wastewater Treatment

10:40-11:40 HYDROMAX - Nautilus System – Innovative, Efficient and Cost-Effective Solution for Leak and Gas Pocket Detection in Large Diameter Pressure Pipelines

PA-AWWA Webinar Series-October 29-PM Block

29-Oct PM Block - Drinking Water Quality/Treatment

[REGISTER](#)

12:30-1:30 ADEEDGE - The Media You Use for Arsenic Treatment Will Be Discontinued: An NJ Community Rapidly Responds to Install New Treatment But Also Finds PFAS

1:50-2:50 UGSI - Distribution Network THM Mitigation in Consecutive and Wholesale Water Systems

3:10-4:10 WESTECH ENG - Monitoring Basic Parameters Used to Diagnose Packaged Treatment Unit
